Graduate Education for Emergency Physicians

Marriott Indianapolis
NORTH Hotel
(Keystone at the Crossing)
April 29-30, 2015

The American College of Emergency Physicians designates this live activity for a maximum of 14.00 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Approved by the American College of Emergency Physicians for a maximum of 14.00 hour(s) of ACEP Category I credit.

Registration Material Enclosed

THIS YEAR’S TOPICS:

• Neurologic Disease Case Studies
• High Risk Orthopedics
• Emergency Medicine Myths Busted
• Treating Ebola in Liberia
• Shouldering the Burden
• What’s Afoot?
• For Everyone Else There’s Ketamine
• High Risk EM: A Visual Journey
• The Crashing Airway
• Unsuspected Killers in EM
• 48 Years in Emergency Medicine
• Traumatic Brain Injury

WEDNESDAY & THURSDAY, April 29–30, 2015

THE 43RD ANNUAL INDIANA ACEP

Post Graduate Course in Emergency Medicine

Joint providership for this conference:
The American College of Emergency Physicians and Indiana Chapter of American College of Emergency Physicians
7:00 | Registration / Continental Breakfast

7:50 | Welcome
INACEP James Shoemaker Jr MD FACEP
Education Director

8:00-8:50 | Rapid Fire Case Studies – Neurologic Disease
Greg Henry MD FACEP
Upon completion of these rapid fire case studies, participants will understand the new problems that are presenting in the ED and treatments available for them. They will be able to discuss what we should be doing on a local, state, and national level to advance emergency care.

8:50-9:30 | New Bridges to Cross — Open Dialogue
Greg Henry MD FACEP
At the end of this lecture, participants will understand the new problems that are presenting in the ED and treatments available for them. They will be able to discuss what we should be doing on a local, state, and national level to advance emergency care.

9:30-10:30 | High Risk Orthopedics
Michael Bond MD FACEP FAAEM
At the conclusion of this lecture, participants will have a strategy to do a systematic examination of easily missed, but high risk orthopedic injuries. Key documentation points to minimize risk will be reviewed.

10:30-10:45 | Break

10:45-11:45 | Ultrasound Imaging Updates
Rob Blankenship MD FACEP
At the end of this lecture, participants will be able to appropriately order imaging studies for patients. Case studies will highlight waiting and observation versus potential risks of radiation in some patients/clinical diseases.

11:45-1:15 | Lunch / INACEP Business Meeting / Lessons Learned from Treating Ebola in Liberia
Josh Mugele MD
Participants will gain an overview of the history of healthcare in Liberia and the impact of Ebola, as well as their system for disaster preparedness. They will understand how hospital response to Ebola in Liberia is similar to the response in the United States.

1:15-2:15 | Emergency Medicine Myths Busted
Michael Bond MD FACEP FAAEM
At the conclusion of this presentation, many current ED myths will be dispelled. Participants will be aware of several unnecessary but common ED practices that can have a negative effect on patient care and lead to poor outcomes. They will have a strategy for NOT teaching these myths to future generations of providers.

2:15-2:45 | Break — Visit the Exhibits

2:45-3:45 | What’s Afoot?
James Webley MD, FACEP, FAAEM
The participant will recognize the circumstances under which several relevant and interesting orthopedic injuries occur. They will learn the nuances and role of imaging in making these diagnoses, and have a strategy for the treatment modalities most likely to optimize patient outcomes with these injuries.

3:45-4:45 | Shouldering the Burden / HIP HOP
James Webley MD, FACEP, FAAEM
The participant will recognize the circumstances under which several shoulder emergencies occur, and learn the nuances and role of imaging in making these diagnoses. The participant will learn the treatment modalities most likely to optimize patient outcomes.

4:45-5:45 | Cocktail Reception

6:30-7:00 | Registration / Continental Breakfast

7:00-8:00 | Coffee to Remain
Awake and Alert…for Everything Else There’s Ketamine
Howard Mell MD FACEP
Participants will recognize the risk and benefits of using Ketamine for analgesia, procedural sedation, RSI and in the treatment of excited delirium and understand the lack of evidence behind commonly cited concerns regarding ketamine use.

8:00-9:00 | Unsuspected Killers in EM
Joe Martinez MD FACEP FAAEM
At the conclusion of this presentation, participants will be able to identify several “unsuspected” high risk conditions that present in the ED, and will be able to assist clinicians in recognizing patterns that may be clues of more serious pathology.

9:00-9:15 | Break

9:15-10:15 | The Crashing Airway
Ken Butler MD
Upon completion of this lecture, participant will understand who really is at risk for desaturation and how to maintain oxygen saturation in the crashing airway.

Joe Martinez MD FACEP FAAEM
At the end of this presentation, participants will have a strategy for identifying high risk conditions that masquerade as more commonly seen complaints in the ED. They will recognize commonly missed entities with significant morbidity or mortality.

11:15-1:00 | Lunch / IN State Legislative Update
INACEP Lobbyist - Lou Belch
At the conclusion of this activity participants will be aware of the most current laws enacted by the Indiana General Assembly. They will be updated on current Indiana legislature and how it affects Emergency Physicians.

1:00-2:30 | 48 Years in Emergency Medicine
Joe Lex MD FACEP MAAEM
At the conclusion of this lecture, participants will be able to identify the characteristics of an ideal emergency physician and what makes EM different from other areas of medicine. They will be able to assess how FOAmed (Free Open Access Medical Education), developed primarily for and by Emergency practitioners, fits into their present and future.

2:30-3:30 | Traumatic Brain Injury in the Emergency Department
Ken Butler MD
Upon completion of this lecture, the participant will be able to implement new strategies for recognizing traumatic brain injuries in the ED — out with the old GCS scoring system. They will understand when to be “hyper” in the treatment of TBI.
CONFERENCE FACULTY

Belch, Lou | President, Health Care Practice; Lobbyist, Indiana ACEP; specialist in representing health-related issues in front of the Indiana General Assembly, Indianapolis, IN.

Blankenship, Robert MD, FACEP | Chairman, Department of Medicine, Director, Emergency Medicine, St Vincent Fishers

Bond, Michael MD, FACEP, FAAEM | Associate Professor, Residency Program Director, Department of Emergency Medicine, University of Michigan School of Medicine; Attending Physician, University of Maryland Medical Center, Adjunct Associate Professor of Computer Science and Electrical Engineering, UMBC, Baltimore, MD.

Butler, Ken MD | Associate Professor of Emergency Medicine, Department of Emergency Medicine, University of Maryland School of Medicine, Clinical Professor, Department of Emergency Medicine, Baltimore, Maryland.

Henry, Greg MD, FACEP | Staff Physician, Emergency Services, Department of Surgery, University of Michigan Hospital; Clinical Professor, Department of Emergency Medicine, University of Michigan Medical Center, Ann Arbor, Michigan. Permanent Visiting Professor in Emergency Medicine, Vanderbilt University, Nashville, Tennessee

Lex, Joseph MD, FACEP, MAAEM | Professor of Clinical Emergency Medicine, Director of Department CME, Director of Resident Didactic Sessions, Temple University Hospital, Temple University School of Medicine, Department of Emergency Medicine, Philadelphia, PA

Martinez, Joseph MD, FACEP, FAAEM | Assistant Professor, Department of Emergency Medicine, Assistant Dean for Student Affairs, University of Maryland School of Medicine, Attending Physician, Emergency Medical Services, University of Maryland Medical Center, Baltimore, Maryland

Mell, Howard MD, MPH, CPE, FACEP | EMS Director, EmCare North Division (40+ facilities); EMS Medical Director, City of Newark (OH), Division of Fire and Ambulance; Emergency Physician, Mayo Clinic Health System – Albert Lea; Flight Physician, Metro Lifeflight, MetroHealth System, Cleveland, OH

Mugele, Josh MD | Chief Resident, Emergency Medicine, Indiana University Emergency Medicine Residency, Indianapolis, IN

Webley, James MD, FACEP, FAAEM | Clinical Assistant Professor, Michigan State University, College of Osteopathic Medicine, McLaren Oakland Hospital, Pontiac, Michigan

PLANNING COMMITTEE

James Shoemaker MD, FACEP | INACEP Vice President, Course Director & Educational Planning Representative

Nick Kestner | INACEP Executive Director

Sue Barnhart | INACEP Conference Pre-Activity/On-Site Rep

COURSE DESCRIPTION
This course is specifically designed for the practicing emergency physician, but may also be of interest to emergency nurses, physicians’ assistants, nurse practitioners and paramedics. This year we have continued with the tradition of providing a national flavor to a local conference with many guest lecturers from diverse geographic localities and practice backgrounds. This year’s speakers are leading authorities on Emergency Medicine topics.

COURSE OBJECTIVES
Teaching our course this year are experts selected for their outstanding teaching ability and hands-on experience on relevant, up-to-date issues, topics and concerns for the emergency department professional. Upon completion of this course, participants will be able to identify and implement state of the art procedures; analyze up-to-date informational reviews; and assess and evaluate a variety of emergency department situations covered in this year’s course.

ACCREDITATION
This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the American College of Emergency Physicians and Indiana Chapter of ACEP. The American College of Emergency Physicians is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American College of Emergency Physicians designates this live activity for a maximum of 14.00 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. Approved by the American College of Emergency Physicians for a maximum of 14.00 hour(s) of ACEP Category I credit.

DISCLOSURE
In accordance with ACCME Standard and ACEP policy, presenters must disclose the existence of significant financial interests in or relationships with manufacturers of commercial products that may have a direct interest in the subject matter of the presentation, and relationships with the commercial supporters of this CME activity. These presenters do not consider such relationships will influence their presentation. Complete disclosures will be disseminated to the audience via the handbook/flash drive and verbally prior to the start of the course.

FEE
Please see enrollment form. Medical students and interns may attend for a nominal fee of $10.00 per day provided they pre-register. This fee will be refunded on conference day when they pick up their registration packets.

ENROLLMENT
Maximum enrollment has been set. Early registration is advised prior to April 17, 2015. If your registration fee is to be paid by an agency and you do not expect to have your fee processed by April 17, 2015, mail or fax your registration to Indiana ACEP (Fax: 317/848-8015) and indicate on the form that your fee will be paid the day of the conference.
