

Congratulations

to Indiana ACEP's very own

JT Finnell MD, FACEP, FACMI

elected to National ACEP Board of Directors!

At this year's Scientific Assembly, JT became one of the 15 member ACEP Board of Directors that represent the interests of 35K+ ACEP members on national issues. He is only the 3rd Indiana member that has ever served on the National ACEP Board since our inception in 1968.

JT 's diligence and hard work for the last 3 years resulted in his being elected on the FIRST ballot at this year's election - this almost never happens!

His background and experience in Informatics Technology in the ED will be a great skill set to bring to ACEP.

Thank you JT for your service.
